

Sports Premium at Parkwood

2019-2020

Vision

ALL pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.

Aim

To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

Schools must use the Sports Premium Funding to make addition and sustainable improvements to the quality of PE and Sport offered. This means that the premium should be used to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are 5 key indicators that schools should expect to see improvement across:

1. The engagement of all pupils in regular physical activity- the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 should be in school
2. The profile of PE and sport raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

The funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. During the academic year 2019-2020, Parkwood Academy will receive £17,670.

We plan to spend our funding on the following areas;
